

# Guns N' Roses, Too Much Too Soon

"Hey this bottle's empty, you got 2 bucks?  
C'mon, we'll buy a bottle  
Alright, I'm headin' to the store and I'm gonna buy smokes  
Hot damn"  
Every night, I go out and get in my car, oh yeah  
I push on the peddle but you know I go too far  
There're parties everywhere that I can see  
Usin' myself will be the death of me  
Ya see every night I get a call on the telephone  
My sweet little baby beggin' me just to come home  
But I know that everyday I gotta have me some fun  
With Suzy to the left and Sally to my right  
I know that I need just more than one

[Chorus]

Said it's too much too fast  
I don't care if I won't last  
Said it's too much too soon  
I don't care, get outta my room  
Said it's too much too fast  
I don't care if I won't last  
Said it's too much too soon  
I don't care, get outta my room

Let's go

When the night goes on and I seem to see some friends  
Now a buck for the car for the gas goes so fast?  
With friends like that tell me who's gonna last  
Well the city's hot but tonight I'm not  
I want everything that everybody's got  
Not a badge in the pan or a legend hand  
Just give me one more, one last dance

Said it's too much too fast  
I don't care if I won't last  
Said it's too much too soon  
I don't care, get outta my room  
Said it's too much too fast  
I don't care if I won't last  
Said it's too much too soon  
I don't care, get outta my room

Let's go

Take the car, take the keys  
Said my money don't grow on trees  
You make me stumble and fall  
T'll I'm bloody at my knees?  
I climbed back up to find that all my money's gone  
Too much too soon not know since it's been so long?  
You can drive me to the edge but I really don't mind  
Ya see when I'm in my car I leave you behind  
There's another girl that's waitin' down the road  
When I'm out the door you know that's just where I'll go

Said it's too much too fast  
I don't care if I won't last  
Said it's too much too soon  
I don't care, get outta my room  
Said it's too much too fast  
I don't care if I won't last  
Said it's too much too soon  
I don't care, get outta my room  
Said it's too much too fast  
I don't care if I won't last  
Said it's too much too soon  
I don't care, get outta my room  
Said it's too much too fast  
I don't care if I won't last  
Said it's too much too soon

I don't care, get outta my room  
Said it's too much too fast  
I don't care if I won't last  
Said it's too much too soon  
I don't care, get outta my room  
Said it's too much too fast  
I don't care if I won't last  
Said it's too much too soon  
I don't care, get outta my room  
Said it's too much too fast  
I don't care if I won't last  
Said it's too much too soon  
I don't care, get outta my room  
Said it's too much too fast  
I don't care if I won't last  
Said it's too much too soon  
I don't care, get outta my room
