

GypsyFingers, MY HEART OUT

I'm getting bored walking down the street
Seeing kissing couple on the benches underneath the trees
Taking myself, that ain't for me
Another thing I definitely don't need

Now I see the text
Are you coming to club tonight?
Of course, I'm

...

I've already knew what just I'm gonna wear
I'm not the way... , I just

Why do you always .. another way
I have enough this so
I fell alone
How I feel inside

It's raining, pouring
My heart doesn't understand
So raining, pouring

I not dance anymore !
