

H.E.R., Change (piosenka z serialu Netflix 'We The People')

Change, Change, Change, Change

Wrote a letter to the major
Can you hear me out?
Wanna talk on all the issues that i care about
Speak free, keep the peace
When we say it loud
Meetin' all my people at the city council
Pay attention so i know my rights
Education's gonna change the cycle
Voulnteer i could help a life
Communities, plantin' trees, recycle

If i amjust one person
Will my voice even stand out?
Can i kame a difference
If don't even know how to change?

Change, Change, Change, Change

(zwr. 2)

If i amjust one person
Will my voice even stand out?
Can i kame a difference
If don't even know how to change?

Change, Change, Change, Change
