

# Hammerfall, Bring It!

Your words of slander won't take us down  
We see right through you a shattered clown  
We walk the walk and we talk the talk  
We'll back it up if you wanna rock

We'll give you action to back these words  
We'll write the songs that are still unheard  
And at the down of the new crusade  
You're at a standstill beneath the blade

No matter what they'll say  
Forever we march our own way  
We're in this together; we're fighting to win  
For better or worse by the virtue of sin

Bring It – Just Bring It  
Bring It – Just Bring It

You cast your spell with a serpent's tongue  
Through rage and fire, you walk among  
Your tainted magic we see right through  
Time to retreat, from our point of view

Come join our mighty parade  
The future is ours to invade  
Coz you heard the warnings, the reason, our cause  
G.Y.D.U. this is our call to arms

Bring It – Just Bring It  
Bring It – Just Bring It  
Bring It – Just Bring It  
Bring It – Just Bring It

Time to step down from your throne  
Free of sin? Please cast the first stone

Bring It – Just Bring It  
Bring It – Just Bring It  
Bring It – Just Bring It  
Bring It – Just Bring It

Just Bring It
