

# Harry Styles, Medicine

help me take my medicine  
take my medicine  
treat you like a pill  
give me the adrenaline  
the adrenaline  
think I'm gonna sick with you

can i take my medicine  
take my medicine  
rest it on your fingertips  
up to your mouth  
feeling it out  
feeling it out

I had a few  
got drunk on you  
and now I;m wasted  
and when I sleep  
I;m gonna dream of you

if you go out tonight  
I'm going out  
cause I know you're persuasive  
you got the salt and I got me an appetite  
now I can taste it  
you get me dizzy /4x

tingles running through my blood  
fingers to my toes  
tingles running through my bones  
closing the doors  
The boys and the girls are here  
I mess around with him  
And I'm OK with it.

I had a few  
got drunk on you  
and now I;m wasted  
and when I sleep  
I;m gonna dream of you

I'm coming down  
I figured out I kinda like it  
and when I sleep  
I;m gonna dream of you

if you go out tonight  
I'm going out  
cause I know you're persuasive  
you got the salt and I got me an appetite  
now I can taste it  
you get me dizzy /4x
