

Henri Purnell x INNA x Nobody Cares, Pretty Tho

Now i got pretty
No longer
Feeling lost
I thought the bad Times
No they'd Never end
But once you left
I am having pretty thoughts again

You're used to clouding
All my judgement
Making me feel like
I am nothing
You sent the devil
To my brain
I, i ecsape

It felt like you were
Intoxicated
When you made me feel
So suffocated
And i couldn't take it
Couldn't fake it no more
More, more

No i got pretty thoughts
Once i could
Shake you off
Used to have nightmares
Inside of my head
They left as soom as you
Left my bed

No i got pretty thoughts
No longer feeling lost
I thought the bad Times
No they'd never end
But once you left
I am having pretty thoughts again

pretty thoughts
No longer
