Henri Purnell x INNA x Nobody Cares, Pretty Tho

Now i got pretty No longer Feeling lost I thought the bad Times No they'd Never end But once you left I am having pretty thoughts again

You're used to clouding All my judgement Making me feel like I am nothing You sent the devil To my brain I, i ecsape

It felt like you were Intoxicated When you made me feel So suffocated And i couldn't take it Couldn't fake it no more More, more

No i got pretty thoughts Once i could Shake you off Used to have nightmares Inside of my head They left as soom as you Left my bed

No i got pretty thoughts
No longer feeling lost
I thought the bad Times
No they'd never end
But once you left
I am having pretty thoughts again

pretty thoughts No longer
