

# Hilary Duff, Chasing The Sun

Why am I in such a hurry  
Always getting up too early?  
So fast, everything is blurry,

It's like the clock is always racing  
But my time is not for wasting  
Someone else can do the chasin'

'Cause I'm chasing the sun  
I'm chasing the sun  
I'm chasing the sun  
Won't miss out on the fun  
Gotta get it while our hearts are young  
I'm chasing the sun

On the pursuit of happiness  
I realized that more means less  
If I got love, then I am blessed, oh I know  
So I'll start living while I can  
And hold the moment in my hands  
I'll fly until I learn to land in my home

I'm chasing the sun  
I'm chasing the sun  
I'm chasing the sun  
Won't miss out on the fun  
Gotta get it while our hearts are young  
I'm chasing the sun

Love the life I live  
And I will live the life I love  
Open up my eyes and I will take whatever comes

I'm chasing the sun  
I'm chasing the sun  
I'm chasing the sun  
Won't miss out on the fun  
Gotta get it while our hearts are young  
I'm chasing the sun  
Oooh, oooh, oooh

I'm chasing the sun  
I'm chasing the sun  
I'm chasing the sun  
Won't miss out on the fun  
Gotta get it while our hearts are young  
I'm chasing the sun
