## Hillsong United, All Praises To The King

What a joy I feel to think about forever I'm a child of God with blessings from Heaven By your side, days always brighter The Holy one My Master My Father

I will dwell in your courts I will sing for you you're my deepest love Jesus I love you

It's a love song I sing It's an anthem from my heart All praises to the King

I am not alone
Jesus
You're near me
Washed me clean with hands full of mercy
You're a resting place for all who are weary
A perfect place
and a new beginning
