

Hillsong United, I Live For You

The day I found You,
You made my world brand new,
and You covered it with love

Changed my direction,
and now I'm heaven bound
I'm running to You

Once lost, but now I'm found in You
Once shipwrecked now I'm grateful these days
I live for You

Like a river, You flood my soul with love
Overflowing into joy
Like a downpour, Your spirit raining down
Let it fall, Let it fall

I'm living for the King

I live for You
