

HONNE, I'M BLESSED

I'm not perfect
No, I never have been, never will
'Cause I get it wrong most of the time
My whole life was an uphill climb
Up until when I met you

'Cause you seem to like me
Do you know how good that makes me feel?
You're out of this world, over the moon
I hit it big being with you, oh
Oh no, I can't believe it's true

I'm blessed
I got love all around me making me feel blessed
I got my friends and my family, everything's all blessed
The stuff bringing me down is only making me stronger
I'm blessed, I'm blessed, I'm blessed, I'm blessed, I'm blessed

I must be an imposter
'Cause there's no way life can be this good
But if one of these days it goes away
I can be happy I got a taste
But I really hope, I really hope it stays

I'm blessed
I got love all around me making me feel blessed
I got my friends and my family, everything's all blessed
The stuff bringing me down is only making me stronger
I'm blessed, I'm blessed, I'm blessed, I'm blessed, I'm blessed

(Oh no, yes, yes, I'm blessed
Oh no, yes, yes, I'm blessed) Oh

Oh, you came and took away my problems
Oh-whoa

I'm blessed
I got love all around me making me feel blessed
I got my friends and my family, everything's all blessed
The stuff bringing me down is only making me stronger
I'm blessed, I'm blessed, I'm blessed, I'm blessed, I'm blessed

Blessed, I'm blessed, I'm blessed, I'm blessed
I'm blessed, I'm blessed
No, no, yes, yes, I'm blessed

Yeah
