Huey Lewis & The News, Who Cares

Moving on the evening of the 87th day Maybe a solution might affect you right away Jesus taught himself, a certain state of mind Line em up, move em along, haven't got much time

(Chorus)

Who cares? no one's talking anyway
Who cares? won't the problem go away
Who cares? change the channel, standard shift
Who cares? does any body give a shit?

Dimwits on the freeway stay alive at 55 Politicians speeding, just trying to survive Couldn't stop the press, what was a bloody mess Mashin' down a paper sack and couldn't pass the test

(Repeat Chorus)
