

# Imagine Dragons, I Don't Know Why

We could be strangers in the night  
We could be passing in the shadows  
We could've be closer if we tried  
When we're caught in the headlights  
We could be faces in the crowd  
We could be passing in the shadows  
Loving the risk of being found  
When we're caught in the headlights

Dangerous  
Your love is always dangerous  
And now I'm lost in us  
We're livin' in a lying trust

I don't know why, but I guess it's got something to do with you  
To do with you  
I don't know why, but I guess it's got something to do with you  
To do with you

I was a faking alibi  
Trading the truth in for a lie, oh  
We were the essence of desire  
And we're caught in the headlights

Dangerous  
Your love is always dangerous  
And now I'm lost in us  
We're livin' in a lying trust

I don't know why, but I guess it's got something to do with you  
To do with you  
I don't know why, but I guess it's got something to do with you  
To do with you (I don't know why)  
I don't know why, but I guess it's got something to do with you (I don't know)  
To do with you (I don't know why)  
I don't know why, but I guess it's got something to do with you  
To do with you

That you love me  
Tell me that you love me  
Tell me that you love me  
Tell me that you love me  
Tell me that you love me (dangerous)  
Tell me that you love me  
Tell me that you love me (your love is always dangerous)  
Tell me that you love me

I don't know why  
I don't know why, but I guess it's got something to do with you (I don't know)  
To do with you (I don't know why)  
I don't know why, but I guess it's got something to do with you (do with, do with, do with)  
To do with you (I don't know why)  
I don't know why, but I guess it's got something to do with you (I don't know)  
To do with you (I don't know why)  
I don't know why, but I guess it's got something to do with you  
To do with you
