

Imagine Dragons, Monday

When you're down on your luck
I take the bass, baby, turn it up
When you're face to the floor
I turn the dial, turn it up more

I'm here for you
Will you be there for me too?

I believe in the cause
I am pound-for-pound baby
Turn it on
A million calls will never do
I never get enough of you
I never get enough of you

You are my Monday,
You're the best day of the week
So underrated and a brand new start
Don't care what all the kids say
You've got the key to my heart

When you call /2x
on the phone /2x

I never let you hear the dial tone
I believe /2x
In your touch /2x
I know I can be a little much
I'm there for you
Will you be there for me too?

You are my Monday,
You're the best day of the week
So underrated and a brand new start
Don't care what all the kids say
You've got the key to my heart
