Imagine Dragons, Underdog

Early morning take me over Father, father, father Take me to the top Early morning wake me up Father, father, father This is not enough

Hey, that sounds like my luck I get the short end of it Oh I love to be I love to be the underdog Hey, that sounds like my luck I get the short end of it Oh I love to be I love to be the underdog

Early evening settle down Father, father, father Who am I to blame? Early evening hush me over Father, father, father Are we just the same?

Hey, that sounds like my luck I get the short end of it Oh I love to be I love to be the underdog Hey, that sounds like my luck I get the short end of it Oh I love to be I love to be the underdog
