

# Imagine Dragons, Volume Drops

I am aching, near breaking  
I'm just taking my time  
Just stand in line for a dance with you, whoa  
Dance with you, oh-oh-oh

It may not appear  
But it's been fully clear  
That I'm standing here fully bleeding, near bleeding, dying  
Give me for a chance with you, oh, whoa

Passion tops, time stops, volume drops  
You put your face to mine  
I respond holding you in kind  
Baby I could stay forever time as I dance with you, oo  
You, oo, you, oooo!  
Oo-oo-oo-oo-oo

You stand with my heart in hand, oh  
Perfect dance, perfect dance, perfect dance  
So unaware of my longing stare  
And all I care is to dance with you

Passion tops, time stops, volume drops  
You put your face to mine  
I respond holding you in kind  
Baby I could stay forever time as I dance with you, oo  
You, oo, you, oooo!  
Oo-oo-oo-oo-oo

I freeze, I fear to breathe, my hand's been seized  
My thoughts are cut, I close my eyes shut  
Knowing it's not you but there's a chance it's yooooou  
For a dance with me, oh, whoa, yeah, wo-o-oah

Passion tops, time stops, volume drops  
You put your face to mine  
I respond holding you in kind  
Baby I could stay forever time as I dance with you, oo  
You, oo, you, oooo!  
Oo-oo-oo-oo-oo
