

# Imany, The good, the bad and the crazy

There's a whole lot of women in me  
You're wondering what I mean, I see  
Meet the Good, the Bad and the Crazy  
I come in many shades and shapes  
So don't put up the barricades  
I'm not here to make a war  
I get crazy sometimes  
I'm out of my mind  
I'm out of my mind  
Nothing can bring me down  
Or keep me sound  
I won't get home on time

There's no need for you to follow me  
I don't need a chaperone you see  
Sanity has gone down the drain  
I won't apologize to you  
I don't know what I want it's true  
Believe I'll still be fine  
I get crazy sometimes  
I'm out of my mind  
I'm out of my mind  
Nothing can bring me down  
Or keep me sound  
I won't get home on time

But I get crazy sometimes  
I'm out of my mind  
I'm out of my mind  
Nothing can bring me down  
Or keep me sound  
I won't get home on time

Heads up  
Close your eyes  
Feel the rain and loose your hair  
Swing your hips from the right to the left  
You're free to own yourself  
But I get crazy sometimes  
I'm out of my mind  
I'm out of my mind  
Nothing can bring me down  
Or keep me sound  
I won't get home on time

But I get crazy sometimes  
I'm out of my mind  
I'm out of my mind  
Nothing can bring me down  
Or keep me sound  
I won't get home on time

But I get crazy sometimes  
I'm out of my mind  
I'm out of my mind  
Nothing can bring me down  
Or keep me sound  
I won't get home on time

But I get crazy sometimes  
I'm out of my mind  
I'm out of my mind  
Nothing can bring me down  
Or keep me sound

I won't get home on time  
on time
