Inna, Be My Lover

I think I'm ready for you You take my higher, get me to cloud 9 Going to the light Yeah, you can see what you want It doesn't matter cause we shine tonight I won't let you go

So baby give me more
Don't let me dancing on my own
Yeah, you can fool me on
And I can make your body flow
Cause you, you and I will run the show
In this moment you're all I want

For me until the end of time
Cause we are written in the sky
Get close to my lips
Lock you up in my kiss
Tell me you will be mine tonight
You will be mine tonight
Be my lover
