

Inna, Imagination

You can close your eyes
And start using, use imagination, o-oh
You can call my name
And just give-give into your temptation, mhmm

And don't you hesitate
Baby just speak your mind
'Cause I'ma love you hard
If you give me a sign
Do-don't you hesitate
Baby just speak your mind
'Cause I'ma love you hard, so

Come into my world
Chug me in the game
I'ma play around
I'ma stick into your brain
Come into my world
Chug me in the game
I'ma play around
I'ma stick into your brain
Brain, brain, brain, brain, brain, brain, brain
Brain, brain, brain, brain, brain, brain, brain
Brain, brain, brain, brain...

Baby I need you close
Baby I need you close, yeah
Would you ring at my door
Would you ring at my door, yeah
Baby I need you close
Baby I need you close, yeah
Would you ring at my door
Would you ring at my door, yeah
Baby I need you close
Baby I need you close, yeah
Would you ring at my door
Would you ring at my door, yeah

Now don't you be afraid
Cause ain't gonna follow your confusion, o-oh
I'ma make you feel that real love
Not just an illusion, mhmm

Come into my world
Chug me in the game
I'ma play around
I'ma stick into your brain
Come into my world
Chug me in the game
I'ma play around
I'ma stick into your brain
Brain, brain, brain, brain, brain, brain, brain
Brain, brain, brain, brain, brain, brain, brain
Brain, brain, brain, brain...

Baby I need you close
Baby I need you close, yeah
Would you ring at my door
Would you ring at my door, yeah
Baby I need you close
Baby I need you close, yeah
Would you ring at my door
Would you ring at my door, yeah
Baby I need you close

Baby I need you close, yeah
Would you ring at my door
Would you ring at my door, yeah
