

# Inna, Rendez Vous

Met you in the water,  
Swimming in the shadow of my heart  
Went a little deeper  
I knew that we were perfect from the start

Baby, me and you  
We're gonna have a little rendez vous  
We're gonna keep it a ménage à deux  
The way you loved me, gave me déjà vu

When I get the feeling real in the summer  
You can come and meet me,  
We can fall in love  
Take me to the sea, take me to the Sun  
Just a little secret, no one needs to know

Rendez Vous /2x

Temperature is rising,  
You're the only one to cool me down  
You're my hidden treasure on the shore  
You know you're the best thing that I've found

Baby, me and you  
We're gonna have a little rendez vous  
We're gonna keep it a ménage à deux  
The way you loved me, gave me déjà vu

When I get the feeling real in the summer  
You can come and meet me, we can fall in love  
Take me to the sea, take me to the Sun  
Just a little secret, no one needs to know

Rendez Vous /2x

I hear your body, I hear it calling  
I move to the rhythm of you  
Coz you know exactly what to do

Rendez Vous /2x

When I get the feeling /4x  
No one needs to know
