

# Inna, Sober

my vision's blurry and i am faded  
I don't know where I'll be waking up  
another night i am gonna fake it  
and I wonder

is it ever gonna stop?  
will there ever be a chance  
our hearts will cross  
is it ever gonna stop?  
will there ever be a chance  
I won;t be lost

I just wanna get to know you  
when we're sober  
call you over  
get you closer  
I just really wanna take this roller coaster  
to the sofa  
baby, can I get to know you?  
when we're sober

maybe I need something different  
cause I can't even make it out  
I am feeling kinda distant  
and I wonder

is it ever gonna stop?  
will there ever be a chance  
our hearts will cross  
is it ever gonna stop?  
will there ever be a chance  
I won;t be lost

I just wanna get to know you  
when we're sober  
call you over  
get you closer  
I just really wanna take this roller coaster  
to the sofa  
baby, can I get to know you?  
when we're sober
