

# INNA x Sean Paul, Up

Once upon a timew  
There was a girl who made a wish  
To find herself her love  
And finally make the switch  
Then yoou came around  
You healed another stitch  
And i am glad about that  
I can finnaly make the switch

And i know  
Yes, i know  
Many would like to be in my shoes  
And i know  
Yes, i know  
With you i got nothing to lose

When i am down  
You can bring me up  
Up, up, up, up  
And when i am hurt  
you know i don't need much  
You can use this magic  
When i am down  
You can bring me up  
Up, up, up, up  
And when i am hurt  
you know i don't need much  
You can use this magic

You can use this magic  
You can use this magic

[ Sean Paul:]  
(????)

And i know  
Yes, i know  
Many would like to be in my shoes  
And i know  
Yes, i know  
With you i got nothing to lose

When i am down  
You can bring me up  
Up, up, up, up  
And when i am hurt  
you know i don't need much  
You can use this magic  
When i am down  
You can bring me up  
Up, up, up, up  
And when i am hurt  
you know i don't need much  
You can use this magic

You can use this magic  
You can use this magic

I was running all the time  
Babe, you came and slowed me down
