

Iza Lach, Set It Off

Y'all want this party start it right,
Y'all want this party start it quickly,
Set it off on the left y'all
Set it off on the right y'all
Set it off, set it of, set it off.
Set it off on the left y'all
Set it off on the right y'all
Set it off, set it of, set it off.

No other time, no other place
We here and now, set it off
Uh, y'all on the left, y'all on the right
We here and now, set it off
We got it right.
And nothing in this world could push us away
The party starts and all my friends
Just let the rhythm make sure you play in.
Bring in the beat again

Set it off on the left y'all
Set it off on the right y'all
Set it off, set it of, set it off.
Set it off on the left y'all
Set it off on the right y'all
Set it off, set it of, set it off.

(x2)
Y'all want this party start it right, Yeah?!
Y'all want this party start it quickly,
Y'all want this party start it right, Yeah?!
Y'all want this party start it quickly,

We got it right
And nothing in this world could push us away.
The party starts and all my friends
Just let the rhythm make sure you play in.
Bring in the beat again.

Set it off on the left y'all
Set it off on the right y'all
Set it off, set it of, set it off.
