

Jacob Banks, Slow Up

what I've learnt from the ocean
hard to dance and rejoice in the motion
let the sun have its moment
the moon will come
what I've learnt from a soldier
every man is a son to a daughter
and we only remember
and we only remember

when we see the blood
don't grow up on me
keep that backstroke in your afro
don't you grow up on me
Slow up homie
don't you grow up on me
keep it OG sipping slowly
don't you grow on me
show off on me
what I've learned from a traveler
there's no road that can lead to nirvana
there's a world to discover
but home is love

what I've learnt from a mirror
look to the hard and you'll find you a stronger
love is just a decision
the choice a decision
the choice is yours
don't grow up on me
keep that backstroke in your afro
don't you grow up on me
Slow up homie
don't you grow up on me
keep it OG sipping slowly
don't you grow on me
show off on me
what I've learned from a traveler
there's no road that can lead to nirvana
there's a world to discover
but home is love
