

Jaden Smith, The Passion

done with reminiscing
spittin' fire hotter than the pot up
in the kitchen, yuh
and lately I've been itchi' to
take a rapper on

cause I'm really done with all the sneak disses, yuh

my whip is full electric
you need a lesson just to whip it, ay-ay
I'm on the other side havin' way
too good a time baby why you still trippin'

probably cause I'm sipping penicillin
cause I'm so sick, Joker
I'm just chilli' like a villain

could't think of any better feelin' yuh
I hope you trip when I whip out the flow

she got the ice
I can tell, watch when I slip on the snow
gas, going' fast to my destination
I ain;t worried about traffic
no!

look, are we in Colorado or Mardi Gras?
Girl, you party hard
I'm a genie in a bottle, ay
wishin' for all y'all
