

# James Blunt, 2005

[Verse 1]

I woke up this morning  
And realized  
All I do is apologize  
For a song I wrote in 2005  
Didn't come with a warning  
But fame is unkind  
Put me on top of the world  
Couple of girls and then  
Left me behind

[Pre-Chorus]

Sure, let's take a photograph  
You can show it to your friends and laugh  
I'll tell you what I'm doing now  
But you don't really wanna know

[Chorus 1]

I wrote you a love song  
Now it's something that you hate on  
And I'm sad the record's broken  
But I don't think I can write a better love song  
Without it I'd be no one  
And now that you've forgotten me  
Tell me how to write one better

[Verse 2]

I'm not gonna lie  
[?] didn't work out  
'cause I live in a big house  
Made a few pounds  
Nice car in the driveway  
And I went world once or twice  
Saw the sun set and sun rise  
But for big highs, there's a big price  
When all you do is criticize

[Pre-Chorus]

Sure, let's take a photograph  
You can show it to your friends and laugh  
I'll tell you what I'm doing now  
But you don't really wanna know

[Chorus 1]

I wrote you a love song  
Now it's something that you hate on  
And I'm sad the record's broken  
But I don't think I can write a better love song  
Without it I'd be no one  
And now that you've forgotten me  
Tell me how to write one better

[Bridge]

I don't think I can write one better

[Chorus 2]

I wrote you a love song  
Now it's something that you hate on  
And I'm sad the record's broken  
But I don't think I can write one better love song  
Now it's something that you hate on  
And I'm sad the record's broken

But I don't think I can write a better love song  
Without it I'd be no one  
Now that you've forgotten me  
Just tell me how to write one better

[Outro]  
I woke up this morning  
And realized  
All I do is apologize  
For a song I wrote in 2005
