

# James Hype, No Drama (feat. Craig David)

we don't need No Drama  
I don't need problems in my air  
we don't need No Drama

dancin'  
two in one tempo  
.. is an echo  
.. reflecting  
our perspective  
and now I know

love is never simple  
no matter how you love  
difficulties and pain  
that's ok  
when you let them go

we don't need No Drama  
I don't need problems in my air  
we don't need No Drama  
dance with my body instead
