

Jamie Slocum, Better Than I Know Myself

BETTER THAN I KNOW
MYSELF
JAMIE SLOCUM, KYLE MATTHEWS

You know me better than I know myself
It's good to know
Cause I keep forgetting that I need your help
Down here below Down here below

CHORUS:
Where I do what I don't want,
And don't do what I really want to
How can it be you still love me
Knowing me the way that you do

It's so confusing in a world that tries to lie to me
Soon I'm somebody I don't recognize or want to be
Or want to be

CHORUS:
'Cause I do what I don't want and
Don't do What I really want to
How can it be you still love me
Knowing me the way that you do

I get tossed around
I'm doing great and then I'm crashin'
down
I'm never the same
Why do I play this game?

I walk this earth every single night
It's a constant fight
I miss the signs I move off track, but
you take me back

CHORUS:
I do what I don't want
Don't do what I really need to
How can it be you still love me
Knowing me the way that you do

'Cause you know me better than I know myself
That's good to know
