

Jamie Slocum, Faith Holds On

FAITH HOLDS ON
JAMIE SLOCUM

Moving all around me
Doubt always seems to find me
Having its way with my heart
Tearing me in two
I'm holding on to Jesus
And when my strength lets go

CHORUS:
My faith holds on
Even in my time of struggle
God is strong
Sent his only Son so my faith could
hold on

Hovering above me
Waiting on my last breath
Feel my courage slipping away
As fear settles in
And I drew near to the Father
When I start to fall

CHORUS:
My faith holds on
Even in my time of struggle
God is strong
Sent his only Son
So my faith could hold on
waters
Reaching down, shaping my life, Shaping my life Shaping my life

Playing on my weakness
Telling me its over
Telling me I'm just a fool
That will never change
I pray to the Father Son and Ghost
when I slip and fail

CHORUS:
My faith holds on
Even in my time of struggle
God is strong
Sent his only Son
So my faith could hold on

Hovering above me
Waiting on my last breath
