

Jamie Slocum, Unchanged

UNCHANGED
KYLE MATTHEWS

How do You live with me
Not quite the angel I set out to be
I take your namesake
Like I can do no wrong
But I'm not that strong
Really it's no surprise
I'm inconsistent most of the time
The only constant that always strikes
me strange
Is finding Your love unchanged
Finding Your love

CHORUS:
Solid, gracious, faithful, patient
Ready to forget
Reaching thru me, always moving
Ever new and yet
Unchanged

Will the real me stand up
I'd set me straight if I knew who I was
The saint on Sunday
Or the sinner here today
Finding Your love unchanged
Finding Your love

REPEAT CHORUS

If Your love was tailored
To fit my strange behavior
You'd have already turned away
And if it takes forever
To get my act together
You've promised to always stay

REPEAT CHORUS
