

# JAN BLOMQVIST, Time Again

I came at 10  
You left at 8  
Time time again  
I came too late

Realize that things just weren't working  
Pretending that we were both blind  
A billboarded couple blank frozen  
Lunch on the terrace, like the dead we dine

When I wanna sleep your just wakin  
When I set a fire you complain 'bout the cold  
Just like our sunny vacations  
Stunning pictures they'll stay on the roll

Through love to hate  
Goes round again  
Wake up too late  
No sense or plan

Shiftless and weak  
Comfortably numb  
Words would not speak  
Not leave my tounge

Finger rests over the button  
Blank looks whiter than white  
You said it all, you said nothing  
The end comes without a fight

We were close at the start without thinking  
Caught up after one Berlin night  
Then red flags and warning lights blinking  
To cut the ties, time was just never right

You left at 8  
I came at 10  
You didn't wait  
Time and time again

Obviously  
We weren't great  
But you are

We weren't enough  
But you should know  
You are

It wasn't right  
Its never but  
You are

You are  
Yes, you are

I came at 10  
You left at 8  
Time time again  
I came too late

You left at 8  
I came at 10  
You didn't wait  
Time and time again

Time and time again
