

# Janet Jackson, Dammn Baby

Dammn Baby, baby  
You're Gonna Hear Me  
Dammn!

Sam old song  
Is dragging me down  
Not good for my body  
Change it up  
Coz it ain't nothing like  
Heaving your own ID  
My lenses been stuck  
I've never been afraid  
To switch, no, not me  
And they show me love  
For being original

And tell them make room  
Shake the room  
Bang-bang you gotta get it  
You gotta get up off that grey line  
And can't nobody tell you  
What you can't do  
Shut that down automatic  
And I'll guarantee they'll fall in line  
Watch them all go!

Dammn Baby, baby  
Watch them all go!  
/4x

A brand new moment  
That started with a conversation coffee  
It's all about love  
And how we ain't gone never left  
Words get in the way  
When you're giving it up  
It's never what you say  
It's saying what you do  
Ypu wanna show me love  
Let's keep that conversation honey

And tell them make room  
Shake the room  
Bang-bang you gotta get it  
You gotta get up off that grey line  
And can't nobody tell you  
What you can't do  
Shut that down automatic  
And I'll guarantee they'll fall in line  
Watch them all go!

Dammn Baby, baby  
Watch them all go!  
/4x

Gonna break it down
