

# Jason Derulo, Lifestyle (feat. Adam Levine)

You shine bright just like Rihanna  
Always be fuckin' up some commas  
Girl, we notice your body the coldest

Everybody fall in love  
Everybody fall in love

I am a rolling stopne  
Baby come on  
Tell me what you like every night  
Girl, i know you got your own  
But you could be mine

You about the lifestyle  
Everybody know  
Diamonds ain't got nothin' on you  
We about that lifestyle  
Dolla, dolla, bills  
Baby, would you stay of i am broke?  
You about that  
Dolla, dolla,  
You need that  
Dolla, dolla, bills  
You want that  
Dolla, dolla, bills  
You about the lifestyle  
You about the lifestyle  
You about the lifestyle  
You about the lifestyle

Can't get your lipstick off my collar  
You do that thing that keep me calling  
She won't cry if i don't stay tonight  
But i can't say goodbye

I am a rolling stopne  
Baby come on  
Tell me what you like every night  
Girl, i know you got your own  
But you could be mine

You about the lifestyle  
Everybody know  
Diamonds ain't got nothin' on you  
We about that lifestyle  
Dolla, dolla, bills  
Baby, would you stay of i am broke?  
You about that  
Dolla, dolla,  
You need that  
Dolla, dolla, bills  
You want that  
Dolla, dolla, bills  
You about the lifestyle  
You about the lifestyle  
You about the lifestyle
