

Jax Jones, Years & Years, Play

[Chorus: Olly Alexander & Jax Jones]

How long 'til you play me the song
That will make me belong to you?
One dance with my baby tonight
And we'll dance 'til the night is through
(What you, what you gon' do?)

[Verse 1: Olly Alexander]

I used to be so ready to run
My philosophy don't let nobody come too close
To handle my love
Don't let it show

[Pre-Chorus: Olly Alexander]

I want it to be you, ooh
Diving in to my ocean
A brand new emotion come true, ooh
Don't let this night, don't let this night go

[Chorus: Olly Alexander]

How long 'til you play me the song
That will make me belong to you?
One dance with my baby tonight
And we'll dance 'til the night is through (dance)

[Post-Chorus: Olly Alexander]

Play me the song, play me the song
That will make me belong
Play me the song, play me the song
That will make (dance)
Play me the song, play me the song
That will make me belong
Play me the song, play me the song
That will make

[Verse 2: Olly Alexander]

Another chance to make it alright
No circumstance could ever break this
This lure you have forever on me
On me, on us

[Pre-Chorus: Olly Alexander]

I want it to be you, ooh
Diving in to my ocean
A brand new emotion come true, ooh
Don't let this night, don't let this night go

[Chorus: Olly Alexander]

How long 'til you play me the song
That will make me belong to you?
One dance with my baby tonight
And we'll dance 'til the night is through (dance)

[Post-Chorus: Olly Alexander]

Play me the song, play me the song
That will make me belong
Play me the song, play me the song
That will make (dance)
Play me the song, play me the song
That will make me belong
Play me the song, play me the song
That will make

[Bridge: Olly Alexander]

'Til the night is through
And you play me the song
'Til the night is through
And you play me the song (that will make me belong)

[Chorus: Olly Alexander]
How long 'til you play me the song
That will make me belong to you?
One dance with my baby tonight
And we'll dance 'til the night is through (dance)

[Post-Chorus: Olly Alexander]
Play me the song, play me the song
That will make me belong
Play me the song, play me the song
That will make (dance)
Play me the song, play me the song
That will make me belong
Play me the song, play me the song
That will make
