

Jeff Scott Soto, Don't Walk Away

Once it's over, that's when all the pain walks in
I lie there wondering if I'll ever get the chance again
Songs on the radio, places that we've been
Bring me 2 realize I wish I would have said

Don't walk away
Don't walk away

Lies & reasons, fools who never understand
Like the seasons colours fade & slip right through our hands
I guess I waited 4 2 long, & it's the price I'll have 2 pay
If I have the chance 2 do it all again I'd beg u 2 stay, baby, baby, baby

Don't walk, don't walk away
U got me on my knees, I'm beggin' & pleadin' I'm missing u baby
Don't walk, don't walk away

If u let me try
I will find a way 2 make it right, feel alright
Gimme half the chance
So I can show I wanna be your man & I'll never walk away

Baby, tell me that u're willing 2 try
Let the wings of love spread out & fly
Cuz I know I can't live without u
I wanna our souls will soon be 1
I wanna dance 4ever till the day is done
& never, ever have 2 say, don't walk away

Don't walk, don't walk away
U got me on my knees, I'm beggin' & pleadin' I'm missing u baby
Don't walk, don't walk away
I'm fallin' everyday, I'm needin' & cryin' & feenin' 4 u baby
