

Jennifer Lopez, Broken Like Me

Tekst piosenki 'Broken Like Me' z albumu 'This Is Me...Now' od Jennifer Lopez (premiera 16 lutego)

I loved you so much
And that messed me up
Gave what I could
But it wasn't enough
You drifted away
Left me so numb
Tears on my gown
Look what you've done

And I tried to be honest
But it made me feel weak
And when I think about it
It brings me to my knees
I thought my life was over
I thought Hell could be real
Was I all on my own
Or did you ever feel

Broken like me
Broken like me
Searching for love
In all that you see
Broken like me
Tried to believe
That I could fix you
But you're broken like me

Next one was young
Didn't last very long
Dysfunctional fun
So I had to move on
Two babies at home
Mama had to be strong
In a battle for love
In a war of my own

And I tried to be honest
But it made me feel weak
And when I think about it
It brings me to my knees
Couldn't look in the mirror
Afraid what I'd see
'Cause I still loved you
Loved you more than me

Broken like me (Broken like me)
Broken like me (Broken like me)
Covered in scars
Now this is me
Broken like me (Like me)
Hard to believe (To believe)
There's no other way
I'd want it to be

Broken like me
Broken like me
All of my flaws and you still love me
Broken like me
You always believed
You could find love
With someone broken like me
