

# Jennifer Lopez, Feelin' So Good

"We got Artist of the Year rhyming in here  
Grammy nominations and platinum plus ain't nothing baby  
All night long, all night  
Yo, yo... You priceless  
You like diamonds and icy wrists  
We got chedda, I'm twice as rich  
Make you bite your lips, Jenny you know you like unless  
Nice and thick, if you ever leave me I'd slice my wrists  
Treat you like a bitch, never that  
We got beef where my niggas at  
Streets is where I'm living at"

"Cli-di-clack, that's the sounds of the Mini-Mack  
Where we at, uptown where it's really at  
Gimme that, I want the mansion, the yacht  
Advance on the spot, we can dance till we drop  
Let my hands slip a knot"

Joe, you the Don  
"Jenny, you the bomb  
Any man disrespect, good as gone"

When I opened up my eyes today  
Felt the sun shining on my face  
It became so clear to me  
That everything is going my way  
I feel like there's no limit to what I can see  
Got rid of fears that were holding me  
My endless possibilities  
Has the whole world opened for me  
That's why I'm feeling good --

I'm feeling so good  
I knew that I would  
Been taking care of myself  
Like I should, 'cause not one thing  
Can bring me down  
Nothing in this world's  
Gonna turn me around

Now the day is turning into night  
And everything is still going right  
There's no way you can stop me this time  
Or break this spirit of mine, oh no  
Like the stars above I'm gonna shine  
Anything I want will be mine  
Tonight I'm gonna have a good time  
Call a few friends of mine  
'Cause I'm loving life  
And tonight's for feeling good --

I'm feeling so good  
I knew that I would  
Been taking care of myself  
Like I should, 'cause not one thing  
Can bring me down  
Nothing in this world's  
Gonna turn me around

I'm feeling so good  
I knew that I would  
Been taking care of myself  
Like I should, 'cause not one thing  
Can bring me down

Nothing in this world's  
Gonna turn me around

"Boricua, that's you mamacita  
Puerto Rican diva, from La Isla Bonita  
Let me freak ya on the dance floor  
Lead your man off  
He's just trying to get your pants off"

"That's the last straw  
Pun, I ain't got a glass jaw  
Better run when you see me coming through the back door  
Crack smart, I give it all for my brother  
There's two things I don't share  
That's my money and my lover"

"I love honeys since the paradise for real  
Since Castle Hill  
Better scrap for real"

"Shut up your grill  
You know we never fight  
It's your world, girl  
Set it off right"

I'm feeling so good  
I knew that I would  
Been taking care of myself  
Like I should, 'cause not one thing  
Can bring me down  
Nothing in this world's  
Gonna turn me around

Been taking care of myself
