

Jennifer Lopez, I Love

You and I have been around each other for quite a while
But I don't think that you understand the way that I feel for you
Baby, it took a while for me (yeah, yeah)

To realize that you were so naive
Well maybe you were blind and cannot see
The feelings I have for you, you don't understand
The things that I've gone through
To paint a perfect picture just for you (picture for you)
I've even told your friends, but that won't do
Well baby, you have to know, I can't wait no more

(I)
Love you more than you will ever know
(Love)

I've been trying so hard to show you
(I)

Love you like a queen would love her king
(Love)

Baby, I've been trying to show you
Look at me, try to understand that I am here for you
And whatever you're going through no matter what you ask me to do I will do
See baby, I'm trying to make you see (trying to make you see)

This is not pretend or make believe
I wanna be the woman that you need
Just let me get close to you, take me in your heart
Every day I want you more and more (want you more and more)

Never in my life was I so sure
These feelings I have I can't ignore
So baby just let me know
All I'm trying to say is

(I)
Love you more than I can love myself
(Love)

I would die before I hurt you
(I)

Love you like a woman loves a man
(Love)

When there's no one else to live for
Baby, for so long I've always tried to show you just how much I care for you
Boy, you had to know that I could never let you go
I'll spend the rest of my life trying to make you understand that

(I)
Love you when there's no more love to give
(Love)

Baby, I will always want you
(I)

Love you when you're up against it all
(Love)

I'll be by your side forever
(I)

I love you, baby

Love you, baby

(Love)

Love you, baby

Love you, baby

(I)

Love you, baby

Love you, baby

(Love)

I love you, baby

Love you, baby

You
