

# Jennifer Lopez, I've Been Thinkin'

All I need is a place to be and a way to feel  
A space to figure out where I belong  
A chance to know my thoughts and find a way to show  
What I feel and if this is real

Yeah

[BRIDGE:]

Don't wanna disappoint you, don't wanna let you down  
Cuz that's the last thing I want to do  
I'm asking for your patience  
I realize I could lose you  
But lately i've been so confused

[CHORUS:]

I've been thinkin, you've been on my mind  
So I've been praying, to find a way that I  
To be sure, the way that you've been showing me  
Don't you, want that for me  
Wondering endlessly if this is right or wrong  
Or if it's just about me all along  
All I need is time to search within my soul  
So I can share a deeper part of me

yeah

[BRIDGE:]

Don't wanna disappoint you, don't want to let you down  
Cuz that's the last thing I want to do  
I'm asking for your patience  
I realize I could lose you  
But lately I've been so confused

[CHORUS]

Baby, what's meant to be would surely be  
If you loved me baby you would understand  
But I can't give you anything  
I don't have myself to give and it's killing me inside

[CHORUS X2]
