

# Jennifer Love Hewitt, First Taste Of Love

Inside looking out of my window.  
I can see you passing by.  
With you, it's right where I wanna be.  
I wanna call your name but I'm too shy.

This emotion is strong.  
I've had a crush for so long.  
What should I do?

Whenever I see you,  
I wanna be near you.  
I think that I'm feeling,  
My first taste of love.  
Whenever I'm dreaming at night.  
It's only about you.  
My first taste of love.  
First taste of love.

(I can handle this)

My friends tell me you're thinking.  
That you're thinking about me too.  
I got your number, sittin' by the Telephone.  
What will I say if I get through?

Why do I hesitate?  
Tell me what will it take.  
To get next to you.

Whenever I see you,  
I wanna be near you.  
I think that I'm feeling,  
My first taste of love.  
Whenever I'm dreaming at night.  
It's only about you.  
My first taste of love.  
First taste of love.

Whenever I see you,  
I wanna be near you.  
I think that I'm feeling,  
My first taste of love.  
Whenever I'm dreaming at night.  
It's only about you.  
My first taste of love.  
First taste of love.

(I like this...)

This emotion is strong.  
I've had a crush for so long.  
What should I do? "ooh"

Whenever I see you,  
I wanna be near you.  
I think that I'm feeling,  
My first taste of love.  
Whenever I'm dreaming at night.  
It's only about you.  
My first taste of love.  
First taste of love.

Whenever I see you,  
I wanna be near you.

I think that I'm feeling,  
My first taste of love.  
Whenever I'm dreaming at night.  
It's only about you.  
My first taste of love.  
First taste of love.

I've been dreamin', dreamin' of you.  
I've been feelin' my first taste of love.  
I've been dreamin', dreamin' of you.  
I've been feelin', oh, oh, oh, oh...

I've been dreamin', dreamin' of you.  
I've been feelin' my first taste of love.  
I've been dreamin', dreamin' of you.  
I've been feelin', oh, oh, oh, oh...
