

# Jerzee Monet, Most High

Yo if you don't know what the world means to me  
Things change and rearrange  
Friends aren't friends anymore  
People go behind your back to score or anything  
Will we ever have peace  
Some one tell me please

You know you will see on the block  
Kids playin hearin gunshots  
Never phased by the crimes that they witness  
Follow me and come and see how it got this way  
young mama right there  
Don't be cussin at your kids right there  
Put the right foundation right here (teach respect)  
So they can be

Most high (most high)  
Most high (most high)  
Most high (most high)  
Like an angel in the sky  
Most high  
Most high  
Most high  
Like an angel in the sky

Brother why act why you act that (why you actin that way)  
Call your good woman out her name  
Bringin kids in the world unclaimed  
You should know that don't make you a man at all (not at all)  
Young father out there (listen up)  
Don't abandon your seed out there (show we care)  
Let's get one thing clear (for real)  
Family should be

Most high (held high)  
Most high  
Like an angel in the sky  
Most high ( it's the most)  
Most high  
Most high  
Like an angel in the sky

It doesn't matter where yu are  
You're still a shinnig star  
It doesn't matter where you're from (it doesn't matter where you're from)  
Let's give love to everyone (start showin more love)

Hustlers put down your guns (put em down)  
Self-respect is the best weapon  
Spead love show your real value  
Set a true example by starting with you  
See them kids right there  
Don't be shootin round them kids right there  
Gotta show there is hope out here  
Train yourself you can be most high
