

JES, Heaven

I can get to Heaven
Walking out in the streets at night
Pushing my soul into the open wind
And in a daze I've been there
In a daze
I begin to see the way
I can get to Heaven
Lying out on the beach at night
Giving it up under the ocean wind
And in a daze I've been there
In a daze I begin to see the way
To see the way
I can get to Heaven
In a daze I've been there
In a daze I've been there
In a daze I begin to see the way...
Hey, I've been to...
Heaven
