Jessie Reyez, LOVE IN THE DARK

we're only humans floating on a rock but I think that you are made of stardust unconditional, you put up with so much I could never repay the way you love back to the sky we all have to fly back home back home the sweetest goodbyes are never whit smiles at all

but when our lives are running out and your heartbeat has taken the draw could you try to look around? I'll be there to pull you back up I'll be around you I am nothing whiteout you I won't leave you alone cause when the stars are falling down there's love in the dark

I'll be there I'll be there there's love in the dark I'll be there I'll be there
