

# Jessie Ware, Save A Kiss

high anticipation  
is an emotion, no trap  
I don't know how you do it  
you always checking the match

and I think I am gonna burn now  
when you touch me like that  
learning to be patient  
saving the best for the best

Save A Kiss for me tonight  
wait for me, no compromise  
promise you won't be alone
