

Jill Sobule, Little Guy

Little guy, little guy, such a little guy
Such a little guy, in such a big body

Little mind, little mind, you were once mine
Such a small mind in such a big body
Maybe I'm not so fair to little guys
He stood tall up when he was by my side

Little heart, little heart such a little biddy heart
Such an unbrave heart in such a big body
Such a big body

Maybe I'm not so fair to little guy
He loomed large when he loved me

Little guy, little guy, little guy such a little guy
Such a little guy such a big body
