

Jimmy Buffett, Hello Texas

Well I just pulled out of Chicago
Partied old Chi-town 'round
Rollin' along that Interstate 10
Lord knows we're Texas bound

Chorus:
Hello Texas
Sure is good to see you again
Hello Texas
Sure is good to see me a friend

Well now we've been to New York City
We've been to L.A. too
People in them towns love to party down
But they don't boogie like the Bee Gees do

Chorus:
Hello Texas
Sure is good to see you a friend
Hello Texas
Sure is good to see you again

You know we ain't knockin' the rest of the country
No we really think it's great
Just seems I left a part of my heart
Somewhere in the lone star state

You know we ain't knockin' the rest of the country
You know we really think it's great
Just seems I left a part of my heart
Somewhere in the lone star state

Chorus:
Hello Texas
Sure is good to see you again
Hello Texas
Sure is good to see me a friend

Ah, hello Texas
Sure is good to see you again
Ah, hello Texas
Sure is good to see me a friend
Hello Texas
Sure is good to see you again
Ah, hello Texas
Sure is good to see me a friend
