

# Jimmy Buffett, Stars On The Water

Down in Louisiana bayous by and by  
Perogue pole or your natural soul  
Keeps you tied to a tree high tide  
Beer joint lights come on  
And then the crowd starts rollin' in

(Pretty soon you got) stars on the water  
(Just like) stars on the water  
You got stars on the water, let it rain

Beaumont to Biloxi  
Sea breeze at your door  
Gypsy rains, dang hurricanes  
White silver sandy shores  
The "Blue Light" lounge is shinin'  
Way out on the view

(It looks just like) stars on the water  
(Just like) stars on the water  
Looks like stars on the water, let it rain

When it's midnight down in Mobile  
Shinin' moonbeams on the bay  
They come from miles around to dance the jukebox down  
And dig the good time sounds they all play  
And all across the harbour  
Night lights shinin' in

(It looks just like) stars on the water  
(Just like) stars on the water  
(Feels like) stars on the water, let it rain
