

Jimmy Somerville, Do It

Shake your body
Lose your mind
We set our standards
In this world of mine
Let's do it do it once again
Let's do it do it one more time
Let's do it while the night is young
Don't keep, don't keep your distance

You look so good
You look so fine
The question is your state of mind
Let's do it, do it once again
Let's do it, do it one more time
Let's do it while the night is young

Don't keep, don't keep your distance

Gonna shake
Gonna shake your body

Chorus

The pressure's lifting
I'm feeling high
You cannot reach me
In this world of mine
Move your body
Close to mine
We've got our standard, in this world of mine
