

Jimmy Somerville, Don't Know What To Do (Without You)

Find it hard to sleep tonight,
Miss your body next to mine,
Kept awake from wondering why,
Why I threw it all away,
I've only got myself to blame,
You found it hard to understand.
I feel so lost without you,
I feel so sad don't know what to do.
Sacrificed our happiness,
To satisfy my selfishness,
I really tried but I can't change,
And tonight I'm filled with hope,
The hope I haven't lost you,
I still need you as my friend.
I feel so lost without you,
I feel so sad don't know what to do.
