Jimmy Somerville, Don't Slip Away

Somthing inside of me's out of control I can't contain it so just let it go Baby I'm so sold on you can't you see What you're doing to me

Now that I've got you in my hands Won't let you slip away Now that I've got you in my hands Won't let you slip away

Baby I waited here counting the days Hoping and praying and blueing away

Now that you're here with me all of my dreams have come true

Now that I've got you in my hands Won't let you slip away Now that I've got you in my hands Won't let you slip away (I got you, I got you)

Yeah yeah...

Could it be magic this feeling inside Baby you move me in every way All of these things that you do Feel so good, ooh ooh ooooh ooh Now that I've got you in my hands Won't let you slip away Now that I've got you in my hands Won't let you slip away

Something inside of me's out of control
Baby can't stop it so just let it go
Baby for you I'd go down on my
Knees and I'd pray

Now that I've got you in my hands Won't let you slip away Now that I've got you in my hands Won't let you slip away
